MULTI-TALENT*

DONE IN THE TWINKLING OF AN EYE

- Ratchets in 1/4", 3/8" and 1/2" with right/left rotation and reversing lever
- Ratchet mechanism with fine toothing and oval heads for minimum return angle and easy access to the workpiece
- Extensive range of inserts, extensions and adapters

STRIKING TOOLS

*TOUGH
FELLOWS*

CONCENTRATED USE OF POWER

- Forged, robust hammer heads with induction-hardened striking surfaces are indestructible
- Secure connections between head and handle for long service life and improved safety at work
- Chisels, centre punches and drivers with tempered striking ends are particularly robust

R9210xxxx
 Engineers' hammer

DISCLAIMER

This catalogue replaces all previous editions.
The photographs and technical details are of the articles offered at present.

Since we are constantly updating and improving our products to keep them at the present state of the art, we reserve the right to make modifications and changes with regard to appearance, dimensions (always in "mm", if not otherwise stated), weights and properties, as well as in performance. No claim for correction or replacement supplies may thus be made with regard to products already delivered. Cancellations may be made at any time without there being any grounds for legal claim.

All information on use or safety is non-binding; nor does it replace any legal regulations or those made by professional or trade associations.

We do not accept any liability for printing errors. No supplemental items (tools etc.) are included in the scope of supply.

Reprinting, even of excerpts, requires the previous permission in writing by GEDORE. All rights reserved worldwide.

We refer to our current general agreements and commercial conditions as well as our delivery and payment conditions in the imprint under www.gedore.com.
