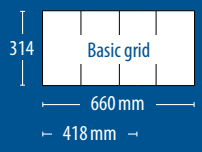
GEDORE WORKMO® – THE MOBILE ORDERLY ARRANGEMENT, TRANSPORT AND WORKING SYSTEM

Thanks to the modular and ergonomic design, the GEDORE WORKMO® system efficiently unites transport, orderliness and workplace. The box modules are quickly and easily transformable into portable units. They, in turn, are lightweight, load-securing and crash-tested. The assembled box modules provide for a dependable tool/working station. As such, WORKMO® is ideally adaptable to the needs of every operation and brings about maximum flexibility and professional support on a daily basis. Optional castors also allow use as a mobile workstation. Equipping the WORKMO® drawers with pre-configured tool sets in matching foam inserts and the scope of the GEDORE iMOD range for individualising tool module requirements round off the overall package. Practically all requirements are thus covered.



The drawer sizes and module variants are shown on a joint basic grid. The raster determines the drawers (blue) which are individually combinable with the tool modules (coloured). Configuration examples are on the right.

FEATURES

1 **Light:**
- Low weight due to aluminium-plastic mix
- Ergonomic working heights

2 **Individual:**
- WORKMO® adapts exactly to the requirements of your individual working day
- With the foam configurator the tool equipment can be arranged individually

3 **Compatible:**
- with the Sortimo® L-BOXX® range
- with the GEDORE tool modules 1500 ES/1500 CT

4 **Sturdy:**
- Robust handling – lockable - durable
- Rounded plastic edges for impact and scratch protection

5 **Drawer equipment:**
- Ideal for fitting out with WORKMO® modules complete with GEDORE tools
- Modules for two drawer widths

6 **Flexible**:
- Expandable at any time (with castors, worktop etc.)
- For further system components see Sortimo®

THE GEDORE
MIXX&CLICK KIT

The Sortimo transport box system is perfect for mobile deployment requirements. The MIXX&CLICK kit is based on the proven GEDORE L-BOXX®, 136 with front grips and tool board in the lid and the GEDORE i-BOXX®, 72. These are multiply compatible and therefore extremely flexible. A high degree of individualisation is realizable. Thus, the MIXX&CLICK system features, in particular, a wide scope for combinations as a result of the pre-configured GEDORE tool ranges. Even modules from other manufacturers, such as Bosch electrical instruments, can be used. Together with other components from the Sortimo® range of tools (transport boxes and system components) a well-organized "to go" workshop is built up to match your personal requirements.

FEATURES

1

Tool board

› for re-equipping or customizing the L-BOXX® depending on the work involved

2

Tool modules

› for equipping the L-BOXX® with 1/2 and 2/2 modules

3

i-BOXX® RACK-ACTIVE click system

› ensures your i-BOXX® tool assortments are securely transported. It is compatible with all L-BOXX®es

4

L-BOXX® roller

› Fit and click to attach roller and BOXX

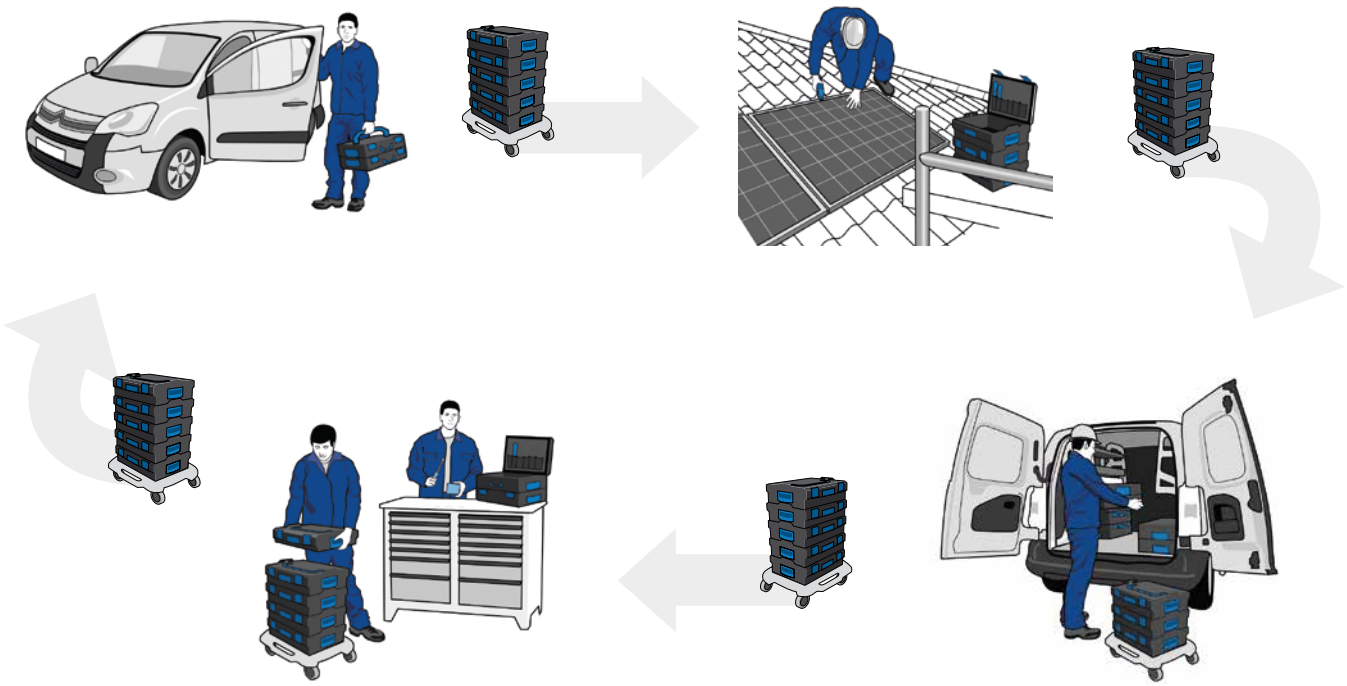
The heart of the kit - GEDORE L-BOXX® 136 with front grip powered by Sortimo® - features:

- Strong construction
- Easy and convenient transfer of tools to where they are needed
- Impact-resistant ABS plastic
- Standard lid handle to carry the L-BOXX® horizontally
- Additional kind-to-hands front grip to carry the L-BOXX® vertically
- Splash-proof
- GEDORE tool board for a clearer arrangement and more storage space
- Easy-click system: Practical plug connection for two or more L-BOXX®es, for a secure grip and easy transport
- No-problem integration in vehicles with the TÜV-tested Sortimo® vehicle fittings

2 STRONG PARTNERS - 1 SYSTEM
MOBILITY IN PERFECTION

Sortimo®
Intelligent Mobility

- Tools, machines and material must be easily, safely, quickly and conveniently transported to the place of use i.e. in a preferably resources-saving manner.
- Lengthy loading times must be avoided at all costs - guaranteed load securing is a pre-condition here!
- GEDORE's Sortimo® transport box system relies on a tried-and-tested mobility standard.
- The perfect alliance for intelligent, efficient process and project design planning.



Your advantage

- Intelligent order systems
- Flexible, modular and individual
- Ideal for mobile deployments
- Diverse and highly efficient
- Quick accessing of tools - perfect organisation
- Transport box standard - e.g. compatible with electrical tool manufacturers
- Guaranteed safety

For your safety

- The GEDORE L-BOXX®es are fully compatible with Sortimo® vehicle fittings.
- GEDORE L-BOXX® quality is constantly examined on the basis of the strict Sortimo® directives. Sortimo® has its quality endorsed through crash tests organized by the TÜV.
- If it comes to the worst, then the tools stay where they belong - securely in their GEDORE L-BOXX®

VDE PLIERS SET

in L-BOXX® Mini, 3 pieces

- Slim PZ screwdriver, VDE multiple pliers and VDE power side cutter
- In GEDORE L-BOXX® Mini, including divider set
- Ideal for keeping small parts and accessories

VDE 2162 PZ VDE screwdriver SLIM DRIVE
- Ultra-small blade diameter yet with full mechanical and electrical safety

VDE 8131 AB VDE multiple pliers
- Cable cutter: for easy cutting of cables up to 5x2.5 mm² resp. Ø 12 mm
- Stripping blades: Stripping possibility for wires 1.5 mm² and 2.5 mm²
- Crimp profile: Crimping of conductor end-sleeves
- Angled plier tip: guarantees gentle work for wrists and lets you see the workpiece
- Handles with VDE insulating sleeves up to 1000 V, acc. to EN 60900/IEC 60900

VDE 8314 VDE side cutters
- Slim head - ideal for confined spaces

VDE TOOL SET

in L-BOXX® Mini, 4 pieces

- For all usual electric master cabinets incl. multi fitting key
- In GEDORE L-BOXX® Mini, incl. divider set
- Ideal for keeping small parts

VDE Multiple pliers No. VDE 8131 AB-200 H
- Cable cutter: enables easy cutting of cables up to 5x2.5 mm² and Ø 12 mm
- Stripping blades: stripping option for wires of 1.5 mm² and 2.5 mm²
- Crimp profile: crimping of conductor end-sleeves
- Angled plier tip: easy on the wrist and allows full view of the workpiece
- Handles with VDE insulation up to 1000 V, acc. to EN 60900/IEC 60900, insulating sleeves

VDE screwdriver SLIM DRIVE No. VDE 2172 3.5
- Individually tested, VDE insulated up to 1000 V, acc. to EN 60900/IEC 60900, fully insulated blade
- 3-component trip Power-Grip³ with hanging hole
- Positive-fit joint of handle and blade for optimum transmission of force
- Type of drive marked at end of the handle
- Ultra-small blade diameter yet with full mechanical and electrical safety
- No problems in reaching screws deeply embedded in screw shafts

VDE screwdriver SLIM DRIVE PlusMinus No. VDE 2164 SL/PH 2
- Individually tested, VDE insulated up to 1000 V, acc. to EN 60900/IEC 60900, fully insulated blade
- 3-component trip Power-Grip³ with hanging hole
- Positive-fit joint of handle and blade for optimum transmission of force
- Type of drive marked at end of the handle
- Ultra-small blade diameter yet with full mechanical and electrical safety
- No problems in reaching screws deeply embedded in screw shafts

Multi fitting key ELEKTRO No. 45 E
- For all current electric master cabinets
- Magnetic bit adaptor 1/4", supplied with one bit PH 2
- Screwdriver function with retaining clip
