

THE LS-BOXX

NEW
Now available

LS-BOXX®

Sortimo's smallest mobile in-vehicle equipment.

Sortimo®
Intelligent Mobility

The new LS-BOXX it offers more than you expect

Sortimo's smallest mobile in-vehicle equipment combines a machine case, a tool case and a small components case all in one compact unit that can be integrated with your Globelyst, Simpleco and CarMo equipment in your van or estate car. The LS-BOXX can be click-joined with all other boxes and accessory elements of the L-BOXX family (L-BOXXes 102, 136, 238, 374, roller, caddy).

The LS BOXX has a large compartment with a lid for the storage of your valuable electric machines such as a cordless screwdriver, a drill, a compass saw, etc. The front side of the box offers room for two removable i-BOXXes for small parts or an i-BOXX in combination with a drawer for your tools.

Made in
Germany

LS-BOXX®

The practical BOXX for many different jobs

Sortimo's smallest in-vehicle equipment is:

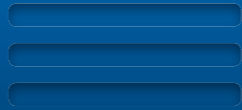

compatible and comparable with:

- ❶ the products of the L-BOXX family (L-BOXXes 102, 136, 238, 374)
- ❷ the adapter plates for the cargo area of your van
- ❸ the L-BOXX roller or caddy
- ❹ the in-vehicle equipment for estate cars and SUVs: Sortimo's CarMo
- ❺ the in-vehicle equipment for your van: Globelyst
- ❻ the L- and LS-BOXXes of our partners: Bosch, Fischer etc.

LS-BOXX®

Sortimo[®]

- ▶ i-BOXX 72 (complete with inset boxes) **27.50 €**

The new i-BOXX lightweight yet robust

The transparent lid of the Sortimo i-BOXX allows you to see straight away what is in the box. Thanks to the use of high-quality materials such as ABS plastic in combination with Polycarbonate (CPO) Sortimo offers you a sturdy and well coordinated product.

The i-BOXXes are easy to remove from the LS-BOXX. The integrated handle ensures comfortable carrying.

When re-inserting the i-BOXXes in the LS-BOXXes, they lock and can be transported securely without any further locking mechanism. If you are using several LS-BOXXes, we are offering free computer labels for your i-BOXXes and the drawer.

Fulfills your individual requirements

The i-BOXX is available in heights of 53 mm and 72 mm. It can be equipped with our inset boxes for different materials.

All inset boxes have a different color code and can be used individually.
